BRITISH IN PRETORIA

Roberts Takes Possession of the Transvaal Capital Without Resistance.

BRITISH EMPIRE INSANE WITH JOY

LONDON, June 5.—12:30 p. m.—It is officially announced that the British have occupied Pretoria.

LONDON, June 5.—12:47 p. m.—The war office has issued the following dispatch from Lord Roberts:

"Pretoria, June 5.—11:40 a. m.—We are now in possession of Pretoria. The official entry will be made this afternoon at 2 o'clock."

LONDON, June 5.—It was announced verbally at the war office this afternoon that Lord Roberts entered Pretoria at 2 o'clock, South African time.

London, June 5.—At 2 o'clock this afternoon, almost eight months after the declaration of war, Lord Roberts entered Pretoria. While the commander-in-chief of the greatest army Great Britain ever put in the field was fulfilling the promise he made to the guards at Bloemfontein, to lead them into the capital of the Transvaal, England was celebrating the event with wild enthusiasm. Throughout the length and breadth of the country the news spread like wildfire. Based on the recollection of recent European wars, when the occupation of the enemy's capital signified the end of hostilities, Lord Roberts' terse telegram was taken universally to mean the practical finish of the war, which has tried Great Britain's military resources as they were never tried before. In London the mansion house and the war office almost instantaneously became the centers for jubilant throngs. Flags again appeared as if by magic and traffic had to be diverted through other streets. Hatless and coatless men and boys ran through the city alleys to see for themselves the bulletins announcing the good news and staying to join in the thunder of cheers or add their voices to the joyful throngs singing "God Save the Queen." Hats hoisted from thousands of heads were waved in exultant hands and shimmered like a coal bed in the sun. Old men on top of the omnibuses and aldermen from the windows of the mansion house encouraged crowds to still further efforts. The premature report of the fall of the Boers' stronghold did not seem to have taken the edge off today's celebration. Lord Roberts' Six Miles Spruit dispatch was hardly printed by the extras before the union jack of the war office was hauled up the flagstaff and the brief message was passed from mouth to mouth, "Pretoria is occupied." Those who had had a chance to read Lord Roberts' account of the resistance encountered yesterday were at that moment commenting upon the probability of a fierce fight before the city was occupied and were wondering at the Boers' capabilities to make such a determined stand when Pretoria was hemmed in on all sides. The pressure of General French north of the Boer capital came as a surprise and explained the commander-in-chief's retriever anent the position of the energetic cavalry leader. It was evident that Lord Roberts delayed attacking until all his columns were ready to co-operate, but even when Lord Roberts wired last night that this was accomplished there seemed a possibility of some fighting so when the next momentous dispatch was given out it came as a surprise.

Judging from Lord Roberts' phraseology, the occupation of Pretoria was not accompanied by any loss of life. What has happened to the Boer forces which so insistently opposed the British advance at Six Miles Spruit can only be surmised. But presumably, they have got away for the present, at any rate.

The latest press dispatches from a representative of the Associated Press at Pretoria, dated June 3, quotes General Botha as saying:

"So long as we can still count on our thousands of willing men we must not dream of retreat or throwing away our independence."

General Botha, it is added, annulled the regulations appointing a special committee to preserve order, substituting military control for that of the committee.

Gen. Lucas Meyer, addressing the burghers on the church square, urged them all to stand fast.

Thus, though their efforts were pitifully futile, it is evident that a few faithful Boer generals worked despairingly to resist the overwhelming force of Lord Roberts' army.

The war office has information that one of the first things done by Lord Roberts after the occupation of Pretoria was to direct General French to release the British prisoners confined at Watervale.

FOUGHT THE BOERS BACK.

London, June 5.—11:00 a. m.—It is officially announced that Lord Roberts occupied Six Miles Spruit on June 4. The war office this morning issued the following dispatch received from Lord Roberts:

"Six Miles Spruit, 6:30 p. m., June 4.—We started this morning at daybreak and marched about ten miles to Six Miles Spruit, both banks of which were occupied by the enemy. Henry's and Ross' Bedford and Sussex companies of Yeomanry quickly dislodged them from the south bank and pursued them nearly a mile, when they found themselves under a heavy fire from guns which the Boers had placed in a well concealed commanding position.

"Our heavy guns of the naval and royal artillery, which had purposely been placed in the front part of the column, were hurried to the assistance of the mounted infantry as fast as oxen and mules could travel over the great, rolling hills surrounding Pretoria. The guns were supported by Stevenson's brigade of pole-carts, and after a few rounds, drove the enemy from their positions.

"The Boers then attempted to turn our left flank, in which they were again foiled by the mounted infantry and yeoman infantry, supported by Maxwell's brigade of Tucker's division. As, however, they still kept pressing our left rear, I sent word to Ian Hamilton, who was advancing three miles to our left, to incline towards us and fill up the gap between the two columns. This finally checked the enemy, who were driven back toward Pretoria. I hoped we would have been able to follow them up, but the days are now very short in this part of the world, and after nearly two hours' marching and fighting we had to bivouac on the ground gained during the day.

"The guards' brigade is quite near the southernmost fort by which Pretoria is defended and less than four miles from the town.

"French, with the Third and Fourth cavalry brigades, and Hutton's New South Wales mounted rifles, north of Pretoria.

"Broadwood's brigade is between French's and Hamilton's columns, and Gordon is watching the right flank of the main force, not far from the railway bridge at Irene station, which was destroyed by the enemy.

"Our casualties, I hope, are very few."

WILL INVITE DEWEY.

Wednesday night Gen. H. C. Zollinger will go to Richmond to meet Mayor Scheer on his return from the convention at Indianapolis and the two gentlemen will proceed to Columbus, O., to meet Admiral Dewey and present a formal invitation to the admiral to attend the national encampment of the Union Veteran Legion in this city next September.

AN INTER-STATE MEETING.

Grand Archon W. S. Wells, of the Royal League, and leading men in the order in Michigan, Ohio, Indiana and Illinois, are endeavoring to arrange for an inter-state meeting of the lodges in this city the latter part of June. This meeting will be in the form of a social gathering and no lodge business will be transacted. It is proposed to hold a picnic at Robison park and have athletic, aquatic and other sports in addition to the regular attractions offered by the park proper. During the recent meeting here of some of the Royal League officials from Illinois and elsewhere, a visit was made to the park and the inter-state meeting was then suggested by the visitors, who declared that they never saw a more prettily arranged resort than Robison park and called attention to several features that had never before come to the notice of those from this city who were in the party. The Illinois branch of the order will hold a state meeting July 14, and Hon. J. M. Robinson, of this city, has been invited to deliver the principal address. He has not made final answer to the invitation, but it is believed that he will accept it.

IT RAISED THEM SUDDENLY

DYNAMITE USED TO LIFT THE POSSE COMITATUS.

St. Louis Street Car With Deputies Aboard is Wrecked—Trying to Settle the Strike.

St. Louis, Mo., June 5.—A special car carrying company H, of the posse comitatus, from the barracks on Washington avenue, over the Chouteau avenue line, to the car shed at Jefferson avenue and LaSalle street, ran over explosives on the track at Fifteenth and Washington avenue and at Twenty-second street and Chouteau avenue early today. There were two explosions, the second lifting the car three feet in the air and throwing the occupants from their seats. The floor was blown up and the roof damaged. Fifty-four men were on the car. Two of them, F. Fleischman and Sam Schwartzberg, were slightly injured. The explosion aroused the neighborhood and in a few minutes about 3,000 people were on the scene. They commenced to jeer at the deputies and soon the air was thick with stones and other missiles. Several revolver shots were also fired at the car. Then the deputies charged the crowd, firing in the air as they advanced. The crowd dispersed.

Special deputy sheriffs, members of the posse comitatus, are on guard today at all car sheds and power houses. It will be several days, however, before the full complement of 2,500 deputies is secured.

All the lines in operation yesterday are running cars today, but it is noticeable that those which pass through the disturbed district contain few passengers.

A committee of fifty prominent business men of this city have sent a communication to Governor Stevens asking him to order out the militia to restore order in St. Louis.

Former Governor W. J. Stone, attorney for the strikers, today presented the amended demands of the men to the officials of the St. Louis Transit company. The exact conditions of the amended proposals were not made public, but President Whitaker promptly turned them down. He said he would insist that all of the 1,000 men now at work on the transit company lines be retained and added that if the strikers wished to return to work they must do so at once or their places would all be taken by non-union men.

RACE MEET IN AUGUST.

The bicycle dealers met in the rooms of the Wayne club Monday evening and among other things discussed the giving of a big race meet at the Driving park some time in August. The dealers are all favorable to the project and will soon take it up and get the preliminary arrangements on foot. Some of the greatest riders in the country will be brought here and big cash prizes will be put up. A race is being arranged, to take place at Robison park some day in the near future, between Ora Hitchcock and Fred Muller. These men are the fastest in northern Indiana and both claim the time prize at the road race given last Saturday. The association decided to close early, commencing July 1st.

GO TO WATERLOO.

Quite a number of Fort Wayne ladies who are members of the Rathbone Sisters will leave at noon on Thursday for Waterloo to attend the district meeting to be held at that place. Mrs. Hattie Eickhoff and Mrs. Tillie Kiefer will represent the temple in this city. The party will return Friday evening.

AROUND SHIVELY

THE DEMOCRATS OF INDIANA SEEM BOUND TO RALLY.

KERN MEN IN MUCH WORRY

CONVENTION MAY STAMPEDE TO SHIVELY.

RALSTON TO BE CHAIRMAN

NATURE OF PLATFORM IS YET UNCERTAIN.

[Special to The Sentinel.]

Indianapolis, June 5. Despite his protests it now looks as though nothing will prevent the democratic state convention from nominating Hon. Benjamin F. Shively for governor tomorrow.

The delegates have arrived in large numbers and as their numbers grow Shively sentiment gains. The friends of Hon. John W. Kern are worried by a rumor that a systematic attempt is under way to stampede the convention to Shively. It is also said that Hon. Frank Burke's delegates will support Shively if it becomes clear that Burke himself cannot land the nomination.

The district meetings will be held tonight. Henry Colerick, of Fort Wayne, will be presented for delegate from the Twelfth district to the Kansas City convention. Hon. R. C. Bell has the support of the Twelfth district and of friends from all over the state for delegate-at-large and his election is practically positive.

The Allen county delegation arrived this afternoon and is already in the thick of it.

MR. DOUGHMAN'S OPINION.

N. D. Doughman, of Fort Wayne, said today: "Allen county is going to give her old-time democratic majority this time. The party is in better condition than it has been since 1892. None of the dissensions that for awhile kept us apart remain in existence. The German vote will be with us this time, and it is this vote that controls things in our part of the state. We feel we are certain of success this time. Both Mr. Kern and Mr. Burke will have support. The delegates were chosen so long ago that no instructions were given them. Mr. Shively will also receive some votes, and could easily have had them all had he announced his candidacy."

Hon. Thomas R. Marshall, of Columbia City, late democratic member of the state committee for the Twelfth district, says:

"If the convention tomorrow acts wisely there is no doubt that the democratic party will sweep the state this year. With a good platform and a good standard bearer there can be no doubt of the result. I believe that the Chicago platform should be reaffirmed in general terms. If this is done all will be well.

"For governor I believe that John W. Kern is the favorite of the majority of the delegates from the Twelfth. For national committeeman I believe Thomas Taggart is the strongest man."

SITUATION IS UNCERTAIN.

[By Associated Press.]

Indianapolis, June 5.—Nearly all the candidates and a large part of the delegates have arrived for the democratic state convention, which opens tomorrow. The full delegation of 1,527 members is expected in during the day and until they arrive the strength of the various candidates cannot be determined. For governor there are three candidates now in the field: John W. Kern, of Indianapolis; Frank B. Burke, of Indianapolis, and Nelson J. Bozarth, of Valparaiso.

An element of uncertainty in the situation is the likelihood of B. F. Shiveley, of South Bend, entering the field at the last moment, and in that case, an effort may be made to stampede the convention in his favor. Shively was the democratic nominee in '96 and was defeated by Governor Mount. He has not yet arrived. There is some talk among the delegates of endorsing Shively for the vice presidential nomination in case he refuses the gubernatorial honors.

Much interest in the convention centers in the battle for national committeeship. Judge Shanklin, the present incumbent, is seriously ill at his home in Evansville, but his candidacy is being pushed by his friends. Opposed to him is Mayor Taggart, of whom there has been talk of the chairmanship of the democratic national committee to succeed Senator James K. Jones. There is apparently among the delegates no sentiment against Bryan and it is probable that he will be endorsed for the nomination for president.

A platform has not yet been agreed upon and there is likely to be a struggle in the committee on resolutions. An element of discord is the monetary plank. One faction insists on a straight reaffirmation of the Chicago platform, while another desires to keep the 16 to 1 issue in the back ground and fight the campaign battle on a platform largely devoted to trusts, imperialism and the Cuban postoffice scandals.

It is believed, however, by the leaders that the differences of opinion will be settled in the committee rooms.

Parks M. Martin, chairman of the state central committee, will call the convention to order at 9 a. m. S. M. Ralston probably will be permanent chairman.

OTHERS ARE NOW SUSPECTED

CHURUBUSCO CASE HAS TAKEN A NEW TURN.

Coroner Williams Makes New Discoveries as to the Death of John Wolford.

Dr. C. S. Williams, coroner of Whitley county, was in the city today, in consultation with Dr. L. P. Drayer, the city chemist, and Robert Klaehn, the undertaker, concerning the case of John Wolford, the aged gentleman who died at Churubusco under suspicious circumstances early in May.

Dr. Williams says the aspect of the case has, within the past few days, taken a decided turn and when he filed the report of his inquest at Columbia City yesterday he made a recommendation for the apprehension of two persons heretofore unsuspected, whom Dr. Williams believes may know something about the sudden death of the old man.

There has been a very high feeling at Churubusco, it is said, against the wife of the old gentleman on account of her alleged cruel treatment of her aged husband, but in the light of later developments Dr. Williams is not inclined to judge the woman so severely. There may be some sensational developments in the case within the next few days.

It will be recalled that when Wolford died his remains were brought to this city and at the expiration of a week a post mortem examination was held. The remains were in a remarkable state of preservation, though no embalming fluid had been used upon them, and this further convinced the coroner that Wolford's death did not result from natural causes. The stomach and other organs were then turned over to Dr. L. P. Drayer for chemical analysis, and his examination disclosed the presence of a large quantity of deadly poison in the stomach of the dead man.

IS COMPLETED TODAY.

Late this afternoon the new telephone line between this city and Columbia City, which has been under construction by the National Telephone and Telegraph company, was completed. The last wire connection was made at Lindenwood cemetery, where the line from the west met that from the city, and the system is now in service. Superintendent G. F. Trier was present at the completion of the line. He states that it is a fine piece of telephone construction and believes it will be very popular, as it will give Fort Wayne patrons direct connections with many towns to the west, which it has heretofore been inconvenient to reach.

HUMMEL WAS HANGED.

Williamsport, Pa., June 5.—William H. Hummel was hanged here today for the murder of his wife and her three children on November 16, 1899. He died bravely. Hummel married a widow with three children and a week after the wedding he quarreled with his wife. While she and the children were sleeping he killed them with an ax. The bodies of his wife and two of the little ones were found in a hay field, that of the baby being secreted in a stable.

WANT TO CELEBRATE.

The Union and Liberty club will endeavor to arrange for a big celebration of the Fourth of July in this city, and solicitors are about to begin a canvass for funds to carry out the enterprise. Centlivre park has been engaged and bicycle races, base ball, balloon ascension and other attractions are in contemplation.

WOULD FACE EUROPE

Empress Dowager Will Resist the Landing of More Foreign Troops in China.

THE SITUATION IS GROWING WORSE

Shanghai, Monday, June 4.—The China Gazette says it has the highest authority for stating that the dowager empress has ordered the Bung Li Yamen to face all Europe rather than to interfere with the "boxer" movement. Elsewhere it is asserted that the viceroy has ordered the troops to oppose the further landing of parties from foreign warships and that the troops now engaged in operations are designed to prevent further foreign reinforcements reaching Pekin.

FIGHT WITH "BOXERS."

Tien Tsin, June 5.—A representative of the Associated Press visited Huang Tsun, on the Pekin-Tien Tsin railway, today and found that the station had been burned and two bridges damaged. The officers commanding the Chinese troops on duty there said that 200 of his men had bolted and only fifty remained. These fought well, killing a number of the "boxers." The bolting troops were badly cut up in the adjacent broken country. It is stated that sixty were killed or wounded. Some of their bodies were recovered, frightfully mutilated.

Bands of "boxers" are patrolling the neighborhood but have not interfered with the party of the Associated Press representatives.

All the Chinese railway employes are deserting their posts and the troops sent to guard the stations appear to be worse than useless. A guard of 250 sent to Feng-Tai bolted at Lu Kou Chao yesterday morning when they heard of the trouble at Huang Tsung.

SITUATION MORE SERIOUS.

Washington, June 5. The state department has received a cablegram from Minister Conger at Pekin stating that matters have taken a much more serious turn there. No details are given, but it is indicated that the Boxers' activity is extended very close to the Chinese capital.

The state department still finds itself unable to do more than it has already ordered respecting the protection of American interests in China. Troops are not available and even if they were the government here is disinclined to participate in a joint demonstration that would menace the integrity of the Chinese empire. This statement is a sufficient answer to the intimation coming from the British newspapers that United States co-operation with the British force in China would be welcomed.

WANT TO BLOW OUT DAM.

County Superintendent Young, Mr. Stevens and other citizens residing in the vicinity, are seeking permission to blow out the old Esmond dam on the St. Mary's river southwest of the city. This is the scene of the drowning of the Rowan boy on Saturday evening and is an attractive play spot for children. The gentlemen believe the dam is worthless and if it were removed there would be less danger of a repetition of drownings there. They offer to bear the expense of the work if the county commissioners will grant permission to use dynamite in removing the dam.

HAVE A SPECIAL TRAIN.

About seventy members of the Masonic lodges of Fort Wayne will go to Findlay, Ohio, Wednesday evening, leaving on a special train at 5 o'clock. They go to attend a meeting of the fraternity at the Ohio city, and the officers of Sol D. Bayless lodge will confer the degrees upon a number of candidates.

ORPHANS CONTRIBUTE.

The children from the Allen County Orphans' home have contributed $1 to The Sentinel's India famine relief fund. The children earned the money by collecting rags, iron, bone and other junk and selling it.

HAVE GONE TO BOSTON.

Mr. and Mrs. Charles Cran are at Boston, Mass., in attendance upon the mother church of Christian Scientists in that city. They will also go to Concord, N. H., to call upon Mrs. Mary Baker G. Eddy, the discoverer and founder of Christian Science, and before returning home Mr. and Mrs. Cran will visit various points of interest in the eastern states.

ODD FELLOWS WILL GO.

A large number of Fort Wayne Odd Fellows will go to Monroeville tomorrow to attend a district meeting of all the Allen county lodges. It is under the direction of Alexander Johnson, D. D. G. M., and the degree staff of Harmony lodge will confer the second and third degrees there. A part of the fraternity will leave the city at noon, while others will follow in the evening, returning to the city at 3 o'clock Thursday morning.

TUNNEL MEN WANT A RAISE

MINERS ON THE BIG SEWER ASK FOR $3.50 A DAY.

Request is Refused and a Number Quit—Says Work Will Be Resumed Tomorrow.

Some departments of the work on the big intercepting sewer at Erie and Harmer streets have been interrupted today owing to the fact that a number of the expert tunnel miners quit work last evening.

The men came to the city from Chicago and have been receiving $3 per day. The labor is hard and would appear to be perilous, for the reason that the men work beneath the surface of the earth, and it is not an easy matter to secure workmen for these positions.

They asked for a raise in wages to $3.50 per day, and when this was refused thirteen of the miners quit. There has been no further trouble and no disorder. It is said the contractor will be prepared to resume work tomorrow.

FINE MANSION DESTROYED.

New York, June 5.—The fine large mansion of the late J. O. Donner, of the American Sugar Refining company, about three miles from Ramseys, N. J., was totally destroyed by fire early today, with its contents. The loss is about $75,000. Mrs. Waldron, who was a guest of Mrs. Donner, was seriously burned before she could be rescued from the building.

A FINE RECEPTION.

Rev. and Mrs. D. W. Moffat were tendered a reception in the parlors of the First Presbyterian church Monday evening by the congregation of the church. During the evening several hundred people called to pay their respects to the pastor and his wife, and a most pleasant evening was spent. The ladies of the church served ice cream and cake as a refreshment.

In the case of Hogan vs. Hogan the commissioner appointed to divide the property has reported to Judge O'Rourke that the property is indivisible and it is possible that an order may be made to sell. The property is all in the city and is valued at about $20,000. The commissioners are W. P. Breen, H. G. Keegan and D. B. Ninde.

The Sunset Social club will give a lawn social and band concert at the corner of Creighton avenue and Hanna street this evening. The well known Arion band will discourse music.

Superintendent Geraline has found an owner to the bicycle found by the police in front of the Hinde building about ten days ago. The wheel was the property of Mont. Fay.

CLOSING UP A CASE.

Copyright, 1898. By W. QUAD.

While jogging along over the dusty highway with a pack on my back I was overtaken by a farmer in a wagon and invited to climb up, and after we had talked for awhile he said:

"Stranger, when we git to Paola there's going to be some fun, and if you ain't in a dreffel hurry you might stop to see it."

I asked him what he had in contemplation, and his face grew more serious as he replied:

"Sixteen years ago the railroad which runs through my land killed one of my hogs. I've been tryin' ever since to make 'em pay me three dollars for it, but they've dodged me every time. I've served about 20 papers, made five or six affidavits and bin here and bin there, and now the climax has come."

"What sort of a climax?"

"I ain't goin' to wait a minit longer. I'm goin' down to the depot in Paola

WHEN HE HAD BEEN KNOCKED OVER A BENCH.

and demand them three dollars of the agent there, and if he don't hand 'em over I'm goin' to lick him 'till he can't holler. The old woman and me have thunk it all over a month past, and she says it's the only way I'll ever git my money."

I tried to make him see that the agent couldn't be held for a claim against the corporation, but he had planned it all out and wouldn't depart from the programme. When we reached the village I drove straight to the depot, and as soon as the horses were secured he led the way in. The agent hadn't time to speak to him before the long-suffering man peeled off his coat and vest and said:

"I've come to git the three dollars or give you an awful lickin'!"

"Is it about that hog case?" asked the agent.

"She ar'. Will you pay or fight?"

"Fight!" was the reply, and next minute they were at it.

The farmer was a licked man inside of five minutes. When he had been knocked over a bench and under the water cooler the agent went off and left him, and the victim slowly got up and looked around for his hat and spoiled coat.

"Stranger, would you say I had any more case agin this railroad for killin' my hog?"

"I would not."

"I kinder put it that if he licked me I'd shet up, didn't I?"

"Yes, it sounded that way to me."

"Am I not walloped?"

"You did. It was a fair fight and you got walloped."

"Well, that's all," he said, as he lifted his coat tail to wipe the blood off his nose—"all except I'm the biggest idiot in these United States. Here I've bin worrying for 16 long years over a three-dollar hog, and thinkin' the case never would be settled, and yit if I'd known beans it could her bin off my mind in five minutes! Shoo! Shoo! No more papers—no more affidavits—no more worryin' and wonderin'. I'm goin' home feelin' that I've got a mighty big load off my back."

BOARD OF WORKS.

At the meeting of the board of works last evening two petitions signed by residents of Lakeside were presented requesting that the street railway be permitted to lay "T" rails instead of being compelled to place the groove rail. Chairman Eggemann has expressed himself in favor of the groove rail, which, he says, means a great deal to the property owners along the street on which the tracks are operated. The groove rail protects the pavement. The petitions were signed by G. W. Pixley and thirty-two others and W. A. Hall and forty-four others.

The specifications for brick sidewalks on the south side of Holman street, from Clinton to Clay, were approved. This sidewalk will be built by the Pennsylvania company under private contract, as the entire strip is along the company's shop property.

A CALLED MEETING.

There was a called meeting of the Fort Wayne Presbytery at the Third Presbyterian church on Monday for the purpose of dissolving the pastoral relations between Rev. J. D. Bailey and congregation, of Bluffton, and to receive into the Presbytery Rev. James Gilchrist for Ossian and Elbanan; Rev. F. W. Weatherwax for Nappanee and Milford, and Rev. G. W. Applegate for Albion and York. Arrangements were made for the installation of Rev. Gilchrist at Ossian, on the 11th and 12th; Rev. Weatherwax at Nappanee on the 27th, and Rev. Applegate on the 26th at Albion. Those present at the meeting besides the above mentioned ministers were: Rev. M. L. Donahey, moderator, of Huntington; Rev. G. A. McIntosh, of Kendallville; Rev. F. H. Gwynne, of Elkhart; Rev. J. L. Shirley, of Columbia City; Rev. J. C. Brackenridge and Rev. J. A. P. McGaw and Elder J. D. Chambers, of this city.

MUSCULAR PASTOR.

Muscles Built Up on Postum Food Coffee.

"For years I have not been able to drink coffee, as it made me very nervous and gave me a headache. No one loved coffee more than I and it was a severe trial to abandon its use. Nearly three years ago I saw Postum Cereal Coffee advertised and concluded to try it.

"I have been so well pleased with it and its healthful effects that I have used it ever since. I carry packages with me when I visit other places.

"When I began to drink Postum, my muscles were flabby, as my habits are sedentary, but for the past two years my muscles have been hard and I never felt stronger in my life than I do now at sixty years of age, and I attribute my strength of muscle to constant use of Postum. I drink it three times a day. I feel so enthusiastic about Postum that I cannot recommend it too highly wherever I go. Wishing you great success, yours truly."

Rev. A. P. Moore, 474 Rhode Island St., Buffalo, N. Y.

The reason Postum builds up the human body to a prime condition of health, is that when coffee is left off, the drug effects of the poison disappear and the elements in Postum unite with albumen of the food to make gray matter and refill the delicate nerve centers all over the body and in the brain. This sets up a perfect condition of nerve health, and the result is that the entire body feels the effect of it.

TALK INTERURBAN LINE.

Chairman Eggeman, J. K. McCracken and P. H. Kane, of the board of works; Councilmen Hench, Hosey, Scheid, Lennert and Schuhler, and President Foster, Charles Falk, F. V. Culbertson and P. A. Randall, representing the Commercial club, met last evening and discussed methods of securing a route for interurban lines into Fort Wayne. It was finally decided that the Commercial club committee on transportation, with Messrs. Eggemann and Scheid added, should meet Manager Scott and secure from him a proposition for the use of the tracks of the Fort Wayne Traction company. This conference will be held Wednesday evening.

A NEW BOOK BY GEO. W. PECK.

Author of Peck's Bad Boy, Peck's Uncle, Etc., Etc.

For the last year Governor Peck has been writing some stuff for his paper, which combines humor, sarcasm, sense, advice to boys, comments on the current events, stories on his friends, etc., which will be published in book form under the title of "Sunbeams, by the author of Peck's Bad Boy," and contains 50 apt and humorous illustrations. Some of it he writes in the manner of editorials, while some is in a personal vein, but the most of it is "just exactly like Peck," and will stir the risibles of the reader and make him laugh, or will set him to thinking real hard at the treatment of some subject in a different way from which any other writer has treated it. The fathers, the mothers, the boys and the girls, the rich and the poor. All who have ever read any of Mr. Peck's writings will be glad to head this, his latest and best. The book will be ready June 5th, and published by Jamieson-Higgins Co., Chicago.

GREAT SUNDAY SCHOOL TOUR.

There is now being carried out in the Northwestern states a great Sunday School Tour, under the auspices of the International Sunday School Convention. The party, composed of five members, is as follows: Mr. Marion Lawrence, general secretary of the International Convention, who is in charge of the tour, Mr. E. O. Excell, the famous singer, Rev. Alexander Henry, of Philadelphia, representing the Presbyterians; Rev. E. S. Lewis, D. D., of Columbus, O., representing the Methodists; Mr. Robt. T. Bonsall, of Cincinnati, O., representing the Baptists. The purpose is to review and strengthen the Sunday school work of the Northwest, and to give the denominations represented an opportunity to confer about their own work, thus giving to the world a practical demonstration of denominational co-operation. The states touched on this tour are Minnesota, North and South Dakota, Montana, Washington, British Columbia, Oregon, California, Idaho, Utah, Wyoming and Colorado. The workers attend the State conventions in nearly all these states, and are holding a large number of special meetings in addition. This tour is under the direction of the International Sunday School executive committee, of which B. F. Jacobs, Atwood Bldg, Chicago, Ill., is the chairman.

The Tribe of Ben Hur last evening paid to Mrs. C. E. Heaton the sum of $2,000, in adjustment of the policy for that amount carried by her late husband in that order. The payment was unusually prompt, just one week having elapsed since Dr. Heaton's death.

An extended account of Assistant Postmaster Perry S. Heath, in the New York Post, reveals the fact that that official believes in the spoils kind of politics. The information is unnecessary. The public has already received the intelligence by way of Havana.

For some reason the mail received by Miss Helen Gould continues to be as large as it was when that young woman first became known for her patriotic and philanthropic contributions. In one week recently she received requests for money for various purposes to the total amount of more than $1,500,000.

All doubts as to the complete civilization of old Geronimo, the once bloodthirsty Apache chief, now a privileged prisoner at Fort Sill, will be dispelled by the news that the $1,[illegible] just deposited in the bank at El Paso was won at poker played with the soldiers whom, by his superior knowledge of the game of kings, he keeps "broke" pretty much all the time.

Although the moon is reported to have been seven—or indeed it may be eight—seconds ahead of time in her eclipse of the sun, the episode does not appear to have done any harm. [illegible] as heard from, all the observers were ready and waiting at [illegible] much ahead of the schedule time, and so no one was caught napping. Yet when we think of the [illegible] dates set for the end of this world the incident is disturbing.

WILL SPARE NATIVE BIRDS.

After this season the American women must do without the plumage of American birds on her hats. This is the decree of fashion, but the [illegible] decision of the Merchant Millinery association. As this association controls over 80 per cent. of the millinery trade of the country it will be seen that any steps it may take will be effective.

For some time past the Audubon society, which has a branch in every state, has been trying to come to some agreement with the milliners whereby the ruthless slaughter of millions of birds for decorative purposes might be stopped. It was a hard fight at first, for the wings, heads and aigrettes were very popular and brought a good price, which most women were willing to pay. In the course of time, however, the Audubon society's persuasions began to prevail and the milliners showed signs of yielding.

After further consideration an agreement was drawn up, and within the next few days it is expected that this will be closed. This declares that the Merchant Milliners' association and the Milliners' Protective association will pledge themselves to stop the sale of American bird plumage, provided the Audubon society will take no further steps to pass a bill prohibiting the importation of plumage from abroad. This, of course, leaves the foreign countries to settle their part of the question for themselves. If they care to legislate against bird-killing all well and good, but if they do not nothing must prevent the feathers from coming to our shores.

Another provision of the agreement is that the dealers, both wholesale and retail, be given a season to dispose of the stock of American feathers they now have on hand. After that any company in the Protective association will be heavily fined if caught selling feathers of American birds. Shooters, too, who attempt to provide the dealers will be dealt with according to the law.

While the milliners are concerned over the conclusion of the much-discussed question they will not be the losers that they would have been a year ago when feathers of all kinds were so much worn. Ornaments of straw, a lavish use of chiffon and enormous buckles have almost entirely taken their place.

For those who must have feathers the foreign market is still open, but when the news of the milliners' action gets abroad the price will probably be advanced, and only the wealthiest women will be able to decorate their hats with them.

SPOILSMEN.

(Indianapolis News.)

President McKinley signalized his administration by taking the "backward step" of throwing out thousands of places from the merit to the spoils system, and he has acted on the spoils theory ever since. He has farmed out his appointments. He has followed the lead of this, that, and another man. A conspicuous example comes in New York now in so grave a thing as a judicial appointment. The people, we believe, understand, and will not be drawn from the point, that the thing at fault is the system more than the men. Heath is wrong. So is Hanna. So are all the spoilsmen who administer the government offices from the point of view of personal and party benefit. But until we have the reformation of the system we shall have repetition of these results. We make a mighty pother over a $100,000 or so that one spoilsman has taken from the government. But we little reckon the prostitution of office that goes on throughout the whole spoils system by which contractors are favored, monopolies are granted, and all the abuses for which the spoils system stands are perpetrated.

What Everybody in Fort Wayne Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the trouble of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

Mrs. J. R. Brockerman, of No. 9 Liberty street, says: "My husband and I both found Doan's Kidney Pills sold at Meyer & Co.'s drug store a most worthy remedy and one that we can highly recommend. Before I took them my kidneys were in a very bad shape. My back ached continually and was so lame and weak I could not stoop and get up again. When I lay down my husband had to help me up. I had dizzy spells and everything whirled so that I almost lost my balance. Doan's Kidney Pills had a most beneficial effect on me. I enjoyed better health than I had before in months. My husband also took some of the two boxes we had, and he was greatly benefited."

DRIVEN TO DEATH.

VICTIM OF BLACKMAILERS HANGS HIMSELF.

WAS PERSISTENTLY PURSUED

THE HOUNDING BECAME TOO MUCH FOR HIM.

BIG OIL GUSHER IS DRILLED

THE GENERAL NEWS OF THE STATE OF INDIANA.

New Castle, Ind., June 5. Recent developments in the suicide of William Southard, a prominent and wealthy farmer, who was found hanging in his barn near Kennard, disclose the fact that he was driven to his death by a cruel and relentless system of blackmailing. Several people, whose names have been withheld, are said to have fleeced Southard out of large sums of money at various times, threatening to expose alleged criminal relations with a woman in Raysville. As a result of the alleged operations of these people it is said Mr. Southard's large farm of 300 acres has been heavily incumbered and all his personal estate. Southard stood high and was well connected. He had a dread of scandal and it is supposed to have driven him to suicide. He had given several notes of large amounts to one of the alleged blackmailers, but these were returned to Southard's attorneys. Warrants are out for the arrest of the alleged conspirators on a charge of blackmail. The sheriff went to Knightstown to arrest them, but they have so far avoided arrest.

DUNKARDS IN CONFERENCE.

Wabash, Ind., June 5.—At the national Dunkard conference at North Manchester yesterday the delegates discussed the affairs of the old folks' and orphans' homes of the churches at Mexico, Ind., and Clarence, Ia. A Sunday school meeting in which a half dozen delegates participated in a discussion followed and a missionary meeting closed the day.

Today the standing committee reports on protests against the incorporation of the Brethren's Historical association in the church, on revision of the Lyannal, a new plan for distributing the ministerial force of the church, on the propriety of sisters breaking bread, on a new plan of electing ministers, on a uniform rule for sisters who wear hats, on the tobacco question and a rule for brethren attending church festivals.

STRIKE A GUSHER.

Anderson, Ind., June 5.—The greatest oil well in the Indiana oil territory has been found near Alexandria. It is on land leased by the Lippincott Glass company, in Monroe township, and old oil men say that it is one of the best ever known. The daily output is 7,000 barrels a day, which is twice as much as any other well in the state. The Madison county oil territory is developing far better than it was at first supposed. Representatives of the Standard and other oil companies are here leasing all the land they can get hold of and sinking many wells every week.

COUNTY DAMAGED $10,000.

Richmond, Ind., June 5.—A tour of the county by the county commissioners shows that a great deal of damage has been done to turnpikes, bridges and culverts. It is estimated that at least $10,000 loss will fall on the county alone from the recent flood. Considerable damage was done to the city's beautiful park, Glen Miller.

THE MORMONS REBELLANT.

Logansport, Ind., June 5.—Mayor McKee will endeavor to drive two Mormon elders out of the city, who persist in making a house-to-house canvass, despite the mayor's orders to the contrary. They will be prosecuted as nuisances.

LIGHTNING ROD MEN DISGORGE.

Decatur, Ind., June 5.—Two lightning rod men called at the home of Jacob Leininger, a farmer, and secured his signature to a contract for $10, and after the goods had been delivered they demanded $150, but compromised on $25 cash and a note for $200. Mr. Leininger complained to the sheriff and he placed the agents under arrest, whereupon they surrendered the note and were released.

REINSTATED AND CONTINUED

Goshen, Ind., June 5.—Judge Wilson, of the Elkhart circuit court, has rescinded his order declaring forfeited all bonds in criminal cases, the attorneys threatening to take changes of venue. All of these cases have now been continued until after the November election, at which time Judge Wilson's successor will pass upon them.

FORGED NOTES FOR $570.

Logansport, Ind., June 5.—George R. Pittman, brother of ex-City Engineer Pittman, of Frankfort, is under arrest here on a charge of forgery preferred by James Harmon and William Gray. They allege that Pittman forged their names to notes aggregating $570. A note for $270 bearing Gray's signature, turned up for collection in the hands of S. M. Closson, who purchased the paper of Pittman. Closson declares he will hold Gray for the amount on the ground that he notified him when he purchased the note. Gray denies receiving such notice. Harmon has been notified by a Carroll county farmer that he has a note for $300 indorsed by Harmon, which was given him by Pittman in settlement of a debt. Pittman has been in Logansport only a short time, but he was well liked. He denies knowledge of the affair.

A WELL WIELDED WHIP BUTT.

Goshen, Ind., June 5.—A burglar plundered John F. Scott's residence, at Parkside, securing $100 cash and a watch valued at $50. William Method, while driving homeward from Elkhart, was attacked by a highwayman, but he knocked him out with the butt of his whip and escaped. Mr. Method had $100 in his possession.

A LAD COMMITTED TO JAIL.

Elkhart, Ind., June 5.—There is much criticism over the action of Judge Wilson in sending ten-year-old Rue Rush to the county jail for four months for incorrigibility. The boy was prosecuted by his stepfather and in court his leading trait seemed to be mischievousness. The stepfather wanted the lad sent to the state reform school.

ARE HOME FROM EUROPE

COL. AND MRS. R. S. ROBERTSON REACH THE CITY.

Other Members of the Party at New York—Their Trip a Delightful One.

Col. and Mrs. R. S. Robertson have arrived in the city from a three months' tour of Europe and this morning Colonel Robertson was greeting his friends upon the streets. In response to frequently repeated inquiries Colonel Robertson stated that the trip had been a most delightful one. He is looking well and it is evident that every moment of the time was enjoyed.

"We arrived yesterday," said Colonel Robertson to a reporter for The Sentinel. "Mr. and Mrs. Armstrong and Mr. and Mrs. Johnson remained in New York for a brief stay before returning to Fort Wayne, but we expect them home next week.

"Our party enjoyed splendid health and the trip was a revelation. To most of us the European experience was a new one and the three months allotted to our trip was, of course, much too brief a time in which to do the subject justice. However, we visited many places and saw many things which will always remain a pleasant memory. We touched France, Switzerland, Germany, Italy and England and the itinerary included the largest number of attractions possible to visit in the time. There was so much to see that many places had to be passed hurriedly. At some points we remained as much as a week, others but a day, and still others of much interest we were compelled to forego altogether."

Colonel Robertson is perhaps the first Fort Wayne gentleman to return from the Paris exposition, and when asked his opinion of that show he said:

"It, its general features it hardly comes up to our own world's fair at Chicago, but there are some specific features which surpass that exhibition. One can hardly make an estimate of the relative magnitude of the two expositions, for the reason that the fair at Paris is very much scattered—some departments being located several miles from the main exposition. Then, there is much yet to be done there in the way of completing buildings and placing exhibits, though the visitor will find even now a wealth of interesting sights to see."

Colonel Robertson stated that there were already a large number of American visitors in Europe and more were going constantly in large numbers. He believes the charm and novelty of the trip will make the traveler more desirous to revisit Europe than was his inclination for the first trip there.

Magnetism, the life principle, nature's supreme restorative. Thousands have been cured and testify to the efficacy of magnetic healing. There is nothing supernatural, nothing "divine," nothing occult or strange. It is nature's own remedy understood and applied. Read these unsolicited testimonials:

Mrs. W. L. Stephens, of Garland, Pa., says: "For years I had been a sufferer from chronic neuralgia, which attacked me most malignantly. After receiving magnetic treatment a few times I was permanently cured. No other treatment ever benefited me."

Mr. Foster, of Mt. Sterling, Ky., says: "I was for many years a constant sufferer from dyspepsia. I had spent a fortune treating with skilled physicians and buying medicines, without getting any relief that was permanent. Magnetic treatment cured me in a short time and I have not suffered since."

Mr. J. Poor, Denver, Col., writes: "Magnetic treatment cured me of a most distressing and obstinate case of nervous prostration after all other means had failed and I was under skilled medical treatment. I was made sound and well by magnetic treatment."

Originals of these testimonials and hundreds of others may be seen at the institute. Examination, consultation and first treatment free at the institute.

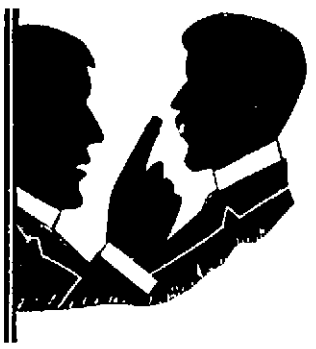
I Tell You....



That it isn't much of a trick to get a suit at eight or ten dollars. Any clothier can sell you one. The trick is in getting a really swell garment at that price. Go to any good merchant tailor and he will charge you twice as much for a suit not so well made as the one we offer you.

The Mansfields were apparent winners in yesterday's game until the eighth inning. In seven innings only three hits had been made off Irwin and not a Hoosier had crossed the rubber. In the eighth, however, Irwin's curves were easier and he received some very saffron-hued support. Every one of the Fort Wayne players was at bat and hits and bunts galore were sent bounding over the diamond, Hollingsworth clearing the bases with a two-bagger at one time. The game was "cinched" in the ninth when a very wild throw allowed Brashear to score and Krueger to reach third, from whence he scored on Letcher's long fly to the outfield. When hitting couldn't win Captain Miller played the game by bunting the ball and if this course is followed through the season many a defeat will be turned into victory. The same teams are playing today. Score:

NOTES OF THE GAME.

The Shamrock ball team will hold a meeting tomorrow evening and arrange to go to Richmond for another game on June 17.

"Chick" Stahl made two two-baggers in the game at Boston yesterday. "Chick" is one of the four leading long-distance hitters of the league this season.

Glasscock is now manager of the Sioux City ball team. President Hickey yesterday appointed Buck Ebright, former manager, one of the umpires and Glasscock, who has been playing first for Sioux City, was given the management.

"Pot" Reiman, who has played first base for Dayton since 1897, has been sold to Youngstown and will play the initial sack for Manager Finn's tail-enders during the balance of the season. Rosebrough has also signed a conditional contract with Youngstown.

The Shamrocks have leased League park for the Fourth of July and will bring a first-class independent team here for a game on that day. The league team will be out of the city and there should be a big crowd out to see the semi-professional team that does so much to advertise Fort Wayne in Indiana and Ohio towns.

The ball game at League park yesterday between O'Meara's Indians and Perry Stahl's Lobsters resulted 2 to 1 in favor of the Indians, after an exciting game. The features were Mr. Stahl's generous presentation of bases on balls to Indian batters, his wild pitches and the base hits made off his delivery. Batteries, O'Meara and Mahan; Stahl and Butcher.

Pitcher Ream has been "farmed" to the Danville, Ill., team in the Central league. President Mautnei has arranged for his recall on seven days' notice. The young pitcher is well thought of and Fort Wayne will continue to pay a portion of his salary. The team can use only four pitchers and with Swaim, Jones, Fricken and Harper at their best the club will be strong enough in the box. Ream has agreed to go to Danville.

AT ROBISON PARK.

The cool weather does not keep all away from Robison park, though the visitors are far less numerous than they would be under normal weather conditions. The theater is unusually interesting this week and as this fact becomes better known to the patrons of the park, the attendance increases. Last night the reserved portion of the house was fairly well filled and the liberal applause each number received indicated satisfaction with the performance. The latter part of the week will doubtless bring audiences commensurate with the character of the entertainment.

STEPHEN CRANE DEAD.

Badenweiler, Baden, June 5.—Stephen Crane, the American author and war correspondent, died here today, aged thirty years.

London, June 5.—The afternoon newspapers chronicling the death of Stephen Crane, speak in warm terms of the American novelist. The St. James Gazette says: "The loss of one of the most brilliant of present-day writers will be as deeply felt by the English as by the American nation."

THE MARKETS.

Chicago, June 5.—Wheat at the opening today and during the entire morning was dull, with prices most of the time at a shade below yesterday's close. July opened 1-16c lower at 66⅜@66⅝c, with some pressure to sell by yesterday's buyers and with very little demand. The July price settled at 66¾c, but later the market steadied in sympathy with the strength of corn and on a slight improvement in the local demand and with moderate buying by scalpers, July reacted to opening figures. There were no Liverpool cables, but London was ½d higher. Northwestern receipts were 554 cars against 138 last week and 693 a year ago. Local receipts were 72 cars, 3 of contract grade.

The corn strength and uncertainty over the crop situation were the ruling influences in the market to the end. Trade was dull. July later sold to 67@67¼c and closed firm ⅛c over.

Corn was strong with a good cash demand reported and moderate country offerings. Bull leaders gave the market support. There was considerable corn for sale around 38c. July opened a shade off at 37⅞@38c, sold at 37⅞c and advanced to 38⅛c. Receipts were 618 cars.

Coron closed strong, July ½@⅝c improved at 38½c.

Oats were steady but dull, little being done either in the cash or speculative markets. Elevator people were moderate sellers. Receipts were 391 cars. July opned ⅛c lower at 21¼c, sold at 21¼@21c and reacted to opening figures.

Provisions were quiet but firm. Yard prices for hogs were higher and a good shipping demand for meats was reported. July pork opened unchanged to 5c higher at $11.27½@11.42½, sold at $11.35 and steadied at $11.32½@11.35. July lard opened 2½@3c higher at $6.77½@6.80, sold at $6.75@6.77½ and reacted to opening figures. July ribs opened 5c higher at $6.70 and eased off to $6.65@6.67½.

THE CLOSE.

Prices at the close were as follows:

Wheat—June, 66¾c; July, 67c. 38⅛c.

THE DAY ON WALL STREET.

New York, June 5.—High prices in London caused advances in the International stocks at the opening here and other stocks responded in sympathy. Gains were very small in nearly all cases and a small number of stocks showed slight losses. Sugar rose about a point. The volume of business was small and the market hesitated after the opening.

The tendency of prices was governed by the operations in a few leading stocks. When the opening rise in Sugar was lost the market reacted below yesterday's close. Metropolitan Steel losing 1 and Lackawanna 3 points. Business then became dull, but the market became steadier on a rally in Sugar, the dividend on which is expected to be declared today.

Purchases of Atchison preferred and Baltimore and Ohio were on a comparatively large scale, with resultant sharp gains. This elicited no response from the general list, which fell away toward midday on a two point break in Sugar on realizing on the announcement of the 1½ per cent. dividend. Western New York and Pennsylvania generally rose 2 per cent to 92. Otherwise bonds were dull and changes narrow.

NEW YORK PRODUCE.

New York, June 5.—Butter—Receipts, 21,166 pkgs; market barely steady; creamery extras, 18½@20c, factory, 14½@16c.

Cheese—Receipts, 12,842 pkgs; market strong; dead large white, 9¾@9¾c; dead grass tinge, 9⅛@9¼c; large colored, 9¼@9¾c; small white, 8¼@8¾c; small colored, 8⅛@8¾c.

Eggs—Receipts, 3,788 pkgs; market firmer; western, loss off, 12½@13c; western at mark, 12½c.

Sugar—Market strong; refined, strong.

Coffee—Market steady.

THE MONEY MARKET.

New York, June 5.—Money on call nominally at 2 per cent; prime mercantile paper, 3½@4 per cent; sterling exchange steady with actual business in bankers' bills at $4.87@4.87¼ for demand and at $4.84½ for 60 days; posted rates, $4.85½@4.88½; commercial bills, $4.83½@4.83¾; silver certificates, 60@61c; bar silver, 60c; Mexican dollars, 47½c.

THE BOND MARKET.

CONTRACTOR STEWART HERE

TALKS WITH COMMISSIONERS ABOUT COURT HOUSE.

News Gathered in the Courts—One Divorce Granted—No Session—Notes.

Contractor A. M. Stewart, who is building the handsome new Allen county court house, arrived in Fort Wayne this morning with his attorney, Judge Taylor, of St. Louis, and this forenoon held a conference with the county commissioners. There had been some delay on account of the woodwork in the building and the commissioners had written to Mr. Stewart requesting him to hurry the work, intimating that he would be held for damages. The conference today resulted in a satisfactory settlement and a better understanding of the character of the work yet to be done.

DIVORCE GRANTED.

Judge Vesey has granted Ida Atley a divorce from Jacob E. Atley and granted plaintiff the privilege of re-assuming her maiden name, Ida Colicns.

NOTES.

The circuit court has been adjourned until Thursday morning. Judge O'Rourke is a delegate to the democratic state convention and is at Indianapolis.

Charles A. Hoffman has sued Geo. W. Beberstein et al. for $800 on mortgage. R. B. Dreibelbiss is plaintiff's attorney.

Emmett Martin begins mechanics' lien proceedings against Paul F. Harstine et al. and also against Geo. W. Klingman et al. Both suits are for $75. R. B. Dreibelbiss is Mr. Martin's attorney.

Mary Urbine and four others have petitioned the county commissioners for a new ditch in Washington township.

Supt. H. W. Felts, of the county infirmary, yesterday filed with the board of commissioners his report for the six months ending March 1 last. At that time there were 123 inmates, an average daily attendance for the six months of 107, the cost of maintenance being twenty cents per head per day. Mr. Felts gives the nationality of the inmates as follows: American, 76; German, 53; Irish, 20; French, 2; English, 1.

The last will of Louis J. Bobilya was filed for record. He leaves $5,000 and personal property to his wife and the rest to his children. R. L. Romy is named as administrator.

GONE TO CONVENTION.

All trains traveling toward Indianapolis yesterday and today have been carrying democrats to the state convention. Last evening County Chairman Berghoff, N. D. Doughman, William Keough, member of the state committee; W. P. Breen, M. V. Walsh, W. W. Rockhill and others started for the capital, and this morning were followed by Mayor Scherer, City Attorney Shambaugh, Sheriff Melching, John B. Monning, Hon. G. W. Lontitt and many others. Tonight a number of democrats will leave for the convention and Allen county will have a representation seldom equaled when the convention is called to order in the morning.

FISHERMEN TO MEET.

Fort Wayne fishermen who would like to see the fish laws of the state revised will hold a meeting at Strodel's hall, 54 East Main street, on Tuesday evening, June 12, to discuss ways and means of securing a revision of the present laws.

A CHAT UPON CARPETS.

Our Mr. D. N. Foster has just returned from the fall carpet opening of the manufacturers, which took place Monday, May 28. This opening was given for the benefit of wholesale carpet dealers and an effort to bar out retailers was made by a rule that no one would be sold, at the special prices given, in quantities of less than three hundred pieces. By combining the purchases of our Fort Wayne, Lafayette and Terre Haute stores we were enabled to purchase our fall carpets at exactly the price paid for them by the largest carpet jobbers of the country.

Prices will be up the coming season from 5 to 10 cents per yard, caused by the advance in materials. This still leaves carpets selling at very low figures compared with other lines of merchandise.

Fall colors are a little lighter in the groundwork and the figures much brighter. Reds are very popular for groundwork, as are also tans, browns and greens. Reds are quite the things for halls and stairs.

An immense crowd of buyers was present and within four hours of the opening many of the choicest designs in Velvets, Axminsters and Moquettes had all been sold and the patterns withdrawn from the floors.

No Other Fort Wayne Buyer Was on the Ground.

You will therefore be able to find some specially beautiful carpets in our rooms this fall that no other store in Fort Wayne will be able to get.

We shall also be able to show the new fall line of carpets at least one month earlier than our competitors.

WILL FIGHT IT OUT

GUERILLA WARFARE TO BE THE BOER PLAN.

A TRANSVAAL ENVOY TALKS

SAYS HIS COUNTRY IS NOT YET CONQUERED.

THE SURRENDER OF PRETORIA

WAS NOT A SURPRISE TO MR. WESSELS.

Chicago, June 5.—The Boer envoys arrived here this morning, but the welcoming words of the reception committee were half lost in the shouts of newsboys crying "All about Pretoria surrendered."

The news of the fall of the Transvaal capital was received calmly, almost indifferently, it appeared, but this was explained by Mr. Fischer, who said: "The news does not come as a surprise. The fight will continue."

Mayor Harrison headed the reception committee which accompanied the Boers to the Auditorium Annex. The party consists of A. Fischer, C. H. Wessels, A. D. W. Wolmarans, Montague White, Secretary De Bruyn and Mrs. Fischer.

At the hotel Mr. Wessels was shown The Associated Press dispatches announcing the fall of Pretoria. He read them through very carefully.

"It is true. There can be no doubt of that," he said, as he read the last words.

"It means," he continued, "that organized resistance on a large scale no longer will be the problem presented to Lord Roberts in South Africa. It means that from now on the burghers will pursue much the same tactics adopted by the Philippines. We may surrender, but we will never be conquered. Pretoria was well fortified, but our generals saw that it was useless to stand a siege when they had but five thousand men to combat the enemy's 60,000.

"They have withdrawn in good order, no doubt, and are still able to fight. And Pretoria has been saved from a bombardment which would have wrecked it. Think, Lord Roberts has with him twice as many fighting men as there are men, women and children in Pretoria. Was it not wise, then, to retreat in the face of such odds?

"I half expected that there would be a battle outside of the city, but still, I am not surprised. Doubtless the situation has changed considerably since I left.

"The outcome of a guerilla war fare, generally, is not in favor of the guerillas, but in our case we hope for a change in European affairs which will aid us. If we are still able to fight and the European nations become involved over some question—China, for instance—I have no doubt that the Transvaal could get the best of terms, probably their independence.

"That the Boers, as you call us, although we call ourselves Afrikanders, are good fighters, the world realizes. Hardly a battle has been fought in which we have not been outnumbered twenty to one. Concerning our reception in this country I will say that the envoys are convinced that nine-tenths of the people are in sympathy with our cause and believe it to be just."

"You do not now expect any country to interfere with the English?" Mr. Wessels was asked.

"Why not?" he answered. "Has there not been a great deal of interference one with another in China?"

A visitor suggested that the situation in China where each of the great powers has its eye on the others, was not similar to the situation in South Africa and to this Mr. Wessels made no reply.

CARD FROM MR COOPER.

To the Editor of The Sentinel: I presided at the meetings of the school board when the matter of the position of clerk came up. Miss Doan had acted as clerk in the office of superintendent to the entire satisfaction of every member of the board. At least no suggestion of incapacity ever reached my ears and the satisfaction of principals and teachers was universal. Her name was proposed along with other nominations at a board meeting and her reappointment was agreed to and was so noted by Superintendent Study, who regularly acted as clerk at the board meetings. At the next meeting of the board the minutes of the previous meeting, which included the appointment of Miss Doan, came up for approval and I made a motion to approve and sign the minutes as read. Mr. Felts was not present at this meeting and Dr. Boswell refused to second my motion, and the adoption of the minutes was necessarily laid over until the next meeting. At that meeting Mr. Felts was present with the other members of the board and insisted that the appointment of Miss Doan had not been agreed to at the meeting second previous, but had only been "considered," to which I strenuously objected. Mr. Felts then drew up a statement of the minutes of the meeting in question so far as they covered Miss Doan's appointment and moved to amend the minutes as read by the superintendent so as to officially sustain his position. Of course, Dr. Boswell voted in favor of the Felts amendment and by the usual majority of two to one the amendment prevailed, but I insisted upon the minutes stating the truth and in red ink on the record book my position was clearly set out by Superintendent Study by my express direction. I refused, as president of the board, to sign the minutes as amended by Felts and Boswell and my name will never appear as sanctioning this proceeding. This is what Mr. Felts calls "mutilating" the record of the proceedings of the board.

As to the charge that Mr. Study opened a letter addressed to Mr. Felts, I beg leave to state that when I became a member of the school board many communications, bills, proposals and advertisements burdened the private mail of every trustee, and it often happened that important communications were left at our offices and not thought of until the subject matters referred to by the correspondents came up for discussion at the next meeting, when it became necessary for trustees to delay the business by going to their offices for important documents. Under these circumstances Mr. Hoffman, Mr. Foster and myself agreed to instruct the superintendent to have the postmaster deliver to the superintendent all mail addressed to trustees in their official capacity and to open the same and bring to the attention of the board anything deemed worthy of their consideration. These instructions were still in force and must have been known to Mr. Felts at the time Miss Greer, following Mr. Felts' advice, applied for the position of clerk of the superintendent. This letter was promptly and respectfully answered by the superintendent, who stated that no vacancy existed. He was certainly justified in this and had no idea that Miss Doan was to be deposed to make room for the Felts appointee, and the first intimation I had of the scheme came from Dr. Boswell's refusal to stand by the action of the board in reappointing Miss Doan, as is shown by Superintendent Study's notes of the meeting, which were written out in full and submitted for adoption at the following meeting, as is stated above.

It is not true that Mr. Study has been lounging about his office, but it is true that Miss Doan had ably served him in a clerical capacity during his superintendency of the Richmond schools and had become of immense assistance to him, and he naturally resented the removal of his experienced clerk at a time when his membership of the state board necessarily took him much from the city. Miss Doan is an orphan girl and lives in Mr. Study's house. She has no home at Richmond and is a welcome addition to Fort Wayne, where her high character and superior mental endowments are greatly appreciated. After she had been forced from a position to which she had been regularly appointed she submitted herself to the county superintendent as an applicant for the position of teacher and is now employed at the Clay school.

Superintendent Study is tonight at Valparaiso, making an address at the normal school commencement, and I write this communication in order that the last attack of Mr. Felts upon the superintendent's office may have as speedy an answer as possible. Mr. Study is fully able to take care of his side of this deplorable controversy and I believe that the general public has decided which of these gentlemen is entitled to the largest degree of credence and how far personal malice has figured in this affair.

I share with Mr. Samuel M. Foster the honor of appointing Mr. Study superintendent of the Fort Wayne schools. My action was largely prompted by the strong indorsement of Dr. J. H. Smart, who was himself superintendent when I was a pupil in the high school, and I have never for a moment doubted the wisdom of that action, but I have been confirmed in my view by three years' constant relations with him and by careful inquiry among educators of high character in this and other states.

It must be apparent to every citizen and taxpayer that the opposition to Mr. Study comes from Mr. Felts, and Mr. Felts alone, and when he speaks of the action of "the board" this fact must be clearly borne in mind. Against his untavorable opinion of the superintendent I place the opinion of educators everywhere in the land and of the citizens of Anderson, Richmond and Fort Wayne, where he is universally esteemed. It is a deplorable result of the admixture of politics in school affairs that we must now lose his services. The remedy is with the common council.

Respectfully yours,
William P. Cooper.

THEY WANT BRYAN

NEW YORK DEMOCRATS WILL INSTRUCT FOR HIM.

PLATFORM CAUSES TROUBLE

SOME THINK INSTRUCTION FOR BRYAN ENOUGH.

MARYLAND ENDORSES BRYAN

DELEGATION CHOSEN WITHOUT INSTRUCTION.

New York, June 5. The democratic state convention met in the city Academy of Music today. Prior to the meeting of the convention every precaution was taken by the leaders to avoid any appearance of friction in proceedings. To this end there had been prepared a resolution providing "that all resolutions offered by any delegate to the convention shall be referred to the committee on resolutions without debate."

There seemed to be a general opinion that the question of endorsement of the Chicago platform was not quite settled, but that it would have to be definitely acted upon before the afternoon session convened. It was, however, apparent that the endorsement of W. J. Bryan by instructing the delegates was decided upon.

The first delegations to arrive brought news that the majority of the leaders, including Hill, Murphy and Croker's representative, had decided that an endorsement of William J. Bryan by instructing the delegates to vote for him at Kansas City was sufficient endorsement of the principles enunciated at Chicago in 1896 without having a platform endorsement, and that a conservative platform would be best.

THREATENED A FIGHT.

Norman E. Mack, of the Erie county delegation, said that if the platform did not reaffirm the principles enunciated at Chicago, his delegation would make a fight in the committee on platform, and if defeated there would present a minority report to the convention and fight for it on the floor of the convention. Mr. Mack said that at least forty counties were for the endorsement of the Chicago platform and that the alliance of ex-Senators Hill and Murphy with Tammany and Kings county would be the only thing that could beat them. Senator Murphy told him that the best sentiment seemed to think that the convention's endorsement of Mr. Bryan should be sufficient. This news set the silver men on edge and they industriously circulated the following resolution:

"Resolved, That the democratic party of the Empire state, in convention duly assembled, hereby recognizes the platform adopted at Chicago in 1896 as the fundamental law of the party, and we declare it to be the duty of every loyal democrat to stand by and upon that platform until it is altered by another national convention."

ATTACKED ROOSEVELT.

The convention was called to order at 11:45 by Frank Campbell, chairman of the state central committee, who announced the selection of John T. Norton, of Troy, for temporary chairman.

Mr. Norton, on assuming the chair, attacked the administration of Governor Roosevelt, saying in effect that he had won his way to the executive office by false pretenses; that instead of "doing his own thinking" the governor had taken his orders from Senator Platt.

At the conclusion of Mr. Norton's speech the roll of delegates was called and then the customary resolutions, including one providing for the reference of all resolutions to a committee were introduced and adopted. The convention took a recess until 2 p. m.

FIGHT ON PLATFORM.

The committee on resolutions heard arguments for over an hour on advocates of the Chicago platform of 1896. The committee took a recess at 2:30 until 3:15 p. m., without having arrived at any decision. The Chicago platform advocates are desirous of not having any platform rather than one refusing to reaffirm the Chicago platform. The committee on selection of delegates to the Kansas City convention is hearing argument on the availability of Augustus Van Wyck for delegate-at-large. The delegates, it is asserted, will be Richard Croker, Edward Murphy, David B. Hill and Augustus Van Wyck, and the alternates John F. Carroll, James Shevelin and Norman E. Mack, with one vacancy.

MARYLAND FOR BRYAN.

Baltimore, June 5. The democrats of Maryland, in state convention held here today, selected a delegation to Kansas City and adopted a platform which leaves the delegates unInstructed, but declares that William J. Bryan is the choice of democrats both in the counties and in the state of Maryland. Imperialism is condemned, a large standing army is deplored and it is suggested that the democrats everywhere lay aside their differences on the currency question and "unite in an effort to stay the overwhelming progress of radical errors in regard to the nature of our government inaugurated by President McKinley and the republican party."

The following delegates at large were chosen: Governor John Walter Smith, State Treasurer Murray Vandiver, ex-Congressman Joshua W. Miles and Col. L. Victor Baughman.

MISSOURI DEMOCRATS.

Kansas City, Mo., June 5.—The Missouri democratic state convention, called to nominate a full state ticket, met here today in a huge tent in Shelley park, with over 2,100 delegates and alternates in attendance.

There seemed no question that ex-Congressman A. M. Dockery will be nominated for governor by acclamation. For lieutenant governor the contest appeared to have dwindled down to a fight between R. H. Love, of Jackson, and W. S. McClintock, of Marion.

There were long lists of candidates for the remaining places on the ticket. The credentials committee was called upon to straighten out ten contesting delegations from St Louis and three from Kansas City.

State Chairman Cook called the convention to order and introduced Congressman W. S. Cowherd as temporary chairman. Congress Cowherd spoke at some length. When Chairman Cowherd concluded he appointed the usual committees, which at once retired. It was believed the committee on resolutions will present a platform reaffirming that of 1896, opposing "imperialism" and trusts, insisting upon "strict observance of the constitution expressing sympathy for the Boers and demanding justice for the Porto Ricans by the abolition of tariff tax upon that island."

IS EVIDENTLY REPUBLICAN

DRIFT OF MEAGER RETURNS FROM OREGON.

Reports From Half the Counties Indicate That Republicans Carry State by 8,000.

Portland, Ore., June 5.—Incomplete returns from seventeen out of the thirty-three counties in the state give the following results of yesterday's election:

For justice of the supreme court, Wolverton, (rep.), 10,756; Green, (fusion), 8,355.

If this ratio is maintained complete returns will give Wolverton 8,000 majority in the state.

For congressman, First district, Tongue (rep.), 5,582; Daly (fusion), 7,107. Congressman, Second district, Moody (rep.), 5,108; Smith (fusion), 3,418.

These figures indicate that Moody, in the Second district, will have close to 6,000 plurality, and Tongue, in the First district, about 3,000 plurality, a gain of 1,000 over his vote in 1898.

The legislature is in doubt, though at this time the returns are favorable to the republicans, who have twelve held-over senators.

For mayor of Portland the vote as far as counted shows the following result:

Rowe (rep.), 931; Story (ind. rep.), 830; Wells (dem.), 710.

The city council will stand eight republicans, two democrats and one independent republican. Outside of the legislative ticket, which is in doubt, the republicans elect their entire ticket in this county.

FUSIONISTS CLAIM STATE.

Portland, Ore., June 5.—Returns from yesterday's election are coming in slowly. Moody and Tongue, republicans, are elected to congress. At the democratic headquarters it is claimed the entire fusion ticket in Multnomah county is elected. If this claim holds good the next state legislature will be very close, with probably a small republican majority. For mayor of Portland, Rowe, republican, is slightly in the lead.

THE SCHOOL BOARD QUESTION.

Editor of The Sentinel:—Without intending to enter into any controversy as to whether the best interests of our public schools required the election of Professor Study, it seems to me that the further continuance of the denunciatitons and criticism can only be demoralizing and detrimental. Is it not time that the "boiling over," to use Mr. Bell's words, should subside and a calmer and more practical view taken without anger or prejudice?

Some facts, which seem to me controlling, have not received due consideration.

Mr. Study's term of service ends in August next, not by reason of any dismissal, summary or otherwise, but by the terms of his contract. Therefore, if he was not elected to succeed himself, it was no reflection upon him, if no charges were made against him. In other words, the mere fact that the board of trustees preferred to elect some one else was, of itself, no reflection whatever. Some one had to be elected. The law placed that duty on the board. If the board honestly believed that another person should be elected, then, however mistaken such judgment may have been, they were not thereby forsworn nor perjured officials.

Mr. Study's reply to the article of Mr. Felts previously published shows the following facts by no dispute:

1. For more than a year there has existed a state of hostility, or to put it mildly, of opposition between Professor Study and the two members constituting the majority of the school board.

2. There has during the same time been radical differences between Prof. Study and said majority of the board upon questions of policy, management, control, selection of teachers, etc.

3. So irreconcilable were these differences that Prof. Study states that with all his efforts he could not always work in harmony with these members of the board and maintain his self-respect, and he has therefore been forced in some instances to antagonize their views.

Will any one contend that these conditions were not inimical to the interests of our schools, and should not have been continued. Let us not forget that the settlement of these matters was entirely within the province of the board. It had the sole power, authority and duty to act. If the majority of the board believed that they were right and competent to judge of the policy to be pursued, they only believed what the city council believed when it elected them trustees; and so in having they could not have honestly done otherwise under the conditions disclosed as stated.

I wish again to assert that I express no opinion as to whether Prof. Study was not the ablest man that could be found for the position. My relations with him have always been pleasant and I have regarded him as a gentleman and a scholar possessing unusual abilities in his profession. I simply desire to call attention to the facts stated as showing that there is another side to the question which is entitled to consideration.

Is it not good policy for the public and the schools to drop this matter and give attention to the work before them. The new superintendent is elected, his contract I believe, signed by every member of the board. I have lived for several years as next door neighbor to Mr. Lane and can testify that I do not know a more considerate man in every respect, nor a harder worker. Shall we encourage him to put forth his best efforts and by kindly words support him in his every good work?

Respectfully,
H. C. Hartman.

WISDOM

The worst wisdom is the wisdom of health. Mother's Friend is a wise liniment. It was made after many experiments by an eminent physician who felt that something should be done to alleviate woman's suffering. Mother's Friend was the result of his work and it does all it was intended to do. It helps women through the dreadful time. With it, she need fear nothing. It is for external use, and by its wonderful penetrating properties it soothes the muscles to bear the strain that there is almost no pain. Get Mother's Friend from your druggist, $1.00 a bottle. PENNSYLVANIA REBUILDING TELEGRAPH LINES.

PUT UP NINETEEN WIRES

ERECT NEW POLES A DISTANCE OF FIVE MILES.

GENERAL MANAGERS HERE

MR. RAMSEY, OF WABASH, AND MR. TURNER, OF VANDALIA.

A few days ago The Sentinel intimated that the Pennsylvania company contemplated renewing its telegraph lines on a portion of the road. This morning a large force, under the direction of N. C. McKinley, began the work. New poles and wires complete will be erected from Gay street to Adams, a distance of five miles. There will be nineteen wires and the work of putting them up will be accomplished without in the least interfering with the telegraph service.

AN EMIGRANT TRAIN.

A train consisting of one baggage car and ten coaches, all loaded with German emigrants and their personal effects, passed through the city at an early hour this morning over the Nickel Plate. The passengers are en route to the northwest, where they will settle on farming lands. Conductor C. W. Zeigler had charge of the train and it was hauled into the city by engine 15, with Engineer Davis at the throttle, and taken west by engine 92, with Engineer Griffith at the throttle.

HOUSE MOVER HURT.

William Martin, of Broadway, the house mover, is confined to his home by injuries sustained yesterday while engaged at his trade. A heavy skid rolled against Mr. Martin, bruising and spraining his right leg most painfully. The accident will probably disable him for several weeks.

BAD GANG OF THIEVES.

A bad lot of thieves are following the Buckskin Bill show, making not only trouble for the citizens of the towns wherein the show gives exhibitions, but trouble for the show people also. Yesterday the show was at Warsaw and Captain Stoll, of the Pennsylvania police, detailed some patrolmen to go to that city and assist in suppressing thieving. Only one important theft is reported and that was the robbery of the cash drawer in a barber shop in broad daylight. The thief was caught and is now in jail in that city, awaiting trial.

HIRED SOME MORE MEN.

Foreman Frank Sarver, of the Pittsburg boiler shops, has recently made several additions to his working force. John W. Irwin, Isaac Powell and William Mellinger began work there this morning. Mr. Irwin and Mr. Powell were formerly employed in the Wabash shops, and Mr. Mellinger was formerly employed by the Fort Wayne Lumber company on Broadway.

GENERAL MANAGERS HERE.

For a brief time this morning Fort Wayne was visited by two well known railway men. Vice President and General Manager Joseph Ramsey, of the Wabash, came down from Toledo on No. 7. He was met here by Supt. E. A. Gould and Master Mechanic G. S. McKee, who accompanied him to Peru, where the day was spent in discussing matters pertaining to the road. General Manager J. J. Turner, of the Vandalia, and his family are en route to Mackinaw. Their private car formed a part of Grand Rapids and Indiana train No. 7, which stopped only long enough to take on a parlor car and exchange engines.

HAD A FINGER MASHED.

Jacob Weber, tool inspector at the Pittsburg round house, had a finger terribly bruised yesterday by something falling upon it. The injury will result in disabling Mr. Weber for several days.

A GREAT LABOR SAVER.

In the work of ballasting, regrading, widening roadbed, etc., a new device known as a "shoulder-ing ear" is used. The Boston and Maine road has the only machine of this kind in existence, and it is the invention of B. & M. officials. This machine saves about 85 per cent. of the cost of doing such work by hand, and does the work much better, constructing a perfect roadbed, which not only looks better, but lasts longer because the drainage is improved. The car is also used for weeding and ditching. A 30-mile section of the B. & M. was trimmed with the car in four days, which would not have been performed by hand in the same time with less than 375 men. With the cars the B. & M. has moved 500 yards of fill, leveling it six inches below the top of the ties and ten feet from the tail for a distance of 1,000 feet, in twenty-five minutes.

DISLOCATED HIS WRIST.

Frank P. Sleeper, Nickel Plate engineer, has his right wrist in plaster and for a week or two will be unable to manipulate the throttle. Sunday in alighting from his buggy, Mr. Sleeper's feet became entangled in the lap robes and he fell, suffering a dislocation of the wrist.

A NEW STORE HOUSE CLERK.

F. G. H. Witthun, of Toledo, was installed into the office of clerk in the new Wabash store house this morning. It is the intention of the company to make this department more important than formerly by adding to it some stock that is now stored at other points along the line. This will increase the labors of the clerical department and makes an addition necessary. James Hartnett, who had charge of the old store room, will continue in the service, the new appointment not affecting him.

WILL REMOVE LANDMARK.

Tomorrow W. S. Danes, superintendent of bridges and buildings of the Wabash, will arrive here to direct the work of removing the old frame structure formerly used as an office and store room in the Wabash yards. The carpenter shop, which is in the east end of the building, will not be disturbed. Tracks to the new shops will occupy the site of the old store room.

GOT EVEN WITH STUDENT.

A Philadelphia paper states that when the Princeton boys go to Pennsylvania they like to beat the Pennsy conductors on their return trips. From Philadelphia to Princeton Junction is only about ten miles, and the students curl up in the seats and feign that they are sleeping. One of the conductors stated that he could never tell who gave him a ticket and who did not, as every fellow was asleep. After some thought he contrived a plan which proved very successful, so much so that the "boys" were wide awake after that. One evening a crowd of them got on the train at Broad street; the conductor noticed them as he went through the train, and, as usual, none of them had tickets. He notified the engine man not to stop at Princeton Junction, as he had no tickets for that place. As soon as the train passed the junction all of those students were wide awake and told the conductor that they had to be at college in the morning so as to attend chapel, and no end of trouble was in store for them if they did not get there. He said: "Gentlemen, I have no tickets for Princeton Junction, so you will have to ride to New Brunswick." The boys had to stay in town all night.

INDUSTRIAL NOTES.

Jacob Hilgeman left this morning for Peoria, Ill., on business for the Electric company.

Engineer and Mrs. R. J. Lyons went to Chicago this morning for a few days' visit with friends.

Fred G. Olds, of the Pittsburg machine shop, is out on the road in the interest of the Relief department.

Brakeman H. D. Rensbarger, who had been visiting friends in Chicago, is again on duty on the Nickel Plate.

After a few days' illness Blacksmith William Littlejohn this morning resumed his place in the Wabash shops.

William Stephan, chief draughtsman of the Pennsylvania lines, left this morning for a trip over the Panhandle system.

Foreman M. W. Kemp, of the Pittsburg lumber yards, is looking after business for the company at Columbus, Ohio, today.

Charles Malco, who has been sick several days, resumed his duties in the Pittsburg yards this morning. He is a switchman.

The Marion, Ind., high school is today holding a picnic at Winona. The party went there over the Big Four and the Pittsburg line.

Yardmaster Bowden, of the Nickel Plate, and his wife are entertaining their nieces, the Misses Bertha and Mabel Bowden, of Minerva, Ohio.

The employes of Rhinesmith & Simonson, Anthony Wayne works, Organ company and Electric company received their earnings today.

The little child of Harry Shives is very sick and that gentleman has been unable to report for duty at the Bass blacksmith shop in consequence.

Agent C. H. Newton will arrive in the city this evening and tomorrow will be devoted to a visit to the shippers and business men of the city for the purpose of introducing to them Mr. Sullivan, the new Wabash agent at this point.

Engineer W. H. Perry and Fireman H. C. Ludwig, of the Pittsburg, are taking a lay off to attend to some private business.

Homer Deskins, of the Wabash blacksmith shop, has returned from Moberly, Mo., where he visited his parents a few days.

Stewart Rehrer has returned from Bloomington, Ill., where he went several days ago to look after some business for the Electric company.

Pittsburg Engineer Frank Higgins, who fell and injured his side a week or more ago, has recovered sufficiently to resume his place in the cab.

F. B. Clark has been appointed superintendent of bridges of the St. Louis and Iron Mountain, in Missouri, succeeding J. B. Harvey, resigned.

H. C. Stangman, of the Pittsburg planing mills, accompanied by his wife, will leave this evening for Sutton, Minn., where his mother is lying very ill.

Charles Malcom, who has been sick planing mills, was summoned to Warsaw this morning by a telegram informing him of the serious condition of his sister.

Chris Snyder and Chris Ryan, of the Wabash shops, have returned from Clear Lake, where they enjoyed a very successful three days' fishing experience.

A committee representing the board of councilmen of Bay City, Mich., is here today, looking into the Fort Wayne Electric company's system of lighting.

On June 1 the railroads commenced the sale of tourists' tickets to New England, Canada and points west of the Mississippi. The sale will continue until October 31.

Nickel Plate Engineer P. W. Donahue and Fireman B. Fullerton each have a sick child and in consequence are unable to leave their homes to take their runs out on the road.

Charles L. Soest, a Pittsburg brakeman, was injured yesterday while out on his run and will not be able to resume work for some time. The accident is not of a serious character.

George Reiber, of the Pittsburg shops, and his wife, who were at Chicago to attend the funeral of Mr. Reiber's brother, who was killed on the railroad, have returned home.

Nickel Plate Conductor T. Seaney, who has been granted a month's leave of absence, will spend the time in visiting friends in Ohio and elsewhere. He will be accomplished on the journey by his family.

S. S. Tuttle, cashier of the freight department of the Baltimore and Ohio at Columbus, O., who recently suffered a paralytic stroke, on Saturday had a second stroke and there is no hope of his recovery.

Friendship lodge, No. 70, I. A. M., will meet in regular session this evening and will consider some matters of vast importance to the union. The meetings are held only twice a month during the summer months.

Mrs. DeVitt, wife of the Nickel Plate conductor, is making satisfactory progress towards recovery and the husband hopes soon to see her able to go about as of yore. Mrs. DeVitt was operated upon for appendicitis.

Today through service was inaugurated between New York and Tampa by the Seaboard Air-line in connection with the Pennsylvania. This is the first time that regular through trains have been run between New York and Tampa.

Engineer Sullivan, of the Wabash, is taking a lay-off on account of the sickness of his 6-year-old daughter. The little one was operated upon at St. Joseph hospital at 1 o'clock this afternoon for enlarged tonsils. Dr. W. H. Myers directing the operation.

The little boy of Charles Dickmeyer is now improving and will doubtless soon be restored to complete health. Mr. Dickmeyer, who had been off duty on account of the little fellow's condition, resumed his place in the Pittsburg blacksmith shop this morning.

The experiments with electricity on Pennsylvania train No. 38 have so far proved all that could be expected. The tests demonstrate the practicability of the light and it will not be long until no other light will be used on any trains on the Pennsylvania road.

The result of the recent vote for a member of the advisory board of the Pennsylvania Voluntary Relief association will be known next Monday. Each candidate claims election and until official announcement is made, the name of the lucky man will not be known.

W. H. Evans has been appointed superintendent of the mechanical department of the shops of the Baltimore and Ohio at South Chicago, and M. Elsner succeeds Mr. Evans at Newark, O. D. J. Timlin, late of this city, is general foreman of the B. & O. shops at Newark.

E. E. Bedson, Nickel Plate brakeman, who had been visiting friends in Continental, Ohio, has returned and reported for duty on the road. Brakeman L. P. Stone has been visiting at Fostoria two or three days. Brakeman W. C. Reffelt, of the same road, is taking a few days' rest.

Ed. Alway is now able to occupy a chair a good portion of the day, his injured foot having so far improved as to be able to rest upon the floor, though he cannot stand upon the limb. Mr. Alway is a carpenter, employed at the Nickel Plate yards, and was injured by some coal falling upon him several days ago.

Complaints have been formulated by passenger traffic men of western lines against certain eastern lines for irregular action in making rates to the democratic national convention at Kansas City, the eastern lines having violated the joint passenger agreement by offering considerations to persons controlling bodies of delegates.

Indianapolis Journal: "On Friday Train 3 on the Panhandle was run in three sections, the third consisting of one baggage car and eleven cars of emigrants. About seventy-five of the foreigners left the train at Pittsburg, but it required eleven coaches and a baggage car to take the others out over the Panhandle, and a second section of train No. 3 was run over that road. Most of the travelers were Swedes and Poles, but there was a sprinkling of other nationalities. James J. Manster, of New York, who is connected with an emigrant agency, passed through the city, on Saturday, en route to the southwest, and made the statement that before another year 100,000 Boers and inhabitants of the Orange Free State will have come to the United States."

GLORIOUS NEWS

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Electric Bitters has cured Mrs. Brewer of scrofula, which has caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but now her health is excellent." Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cts. Sold by Dreier Bros., Druggists. Guaranteed.

A LIFE AND DEATH FIGHT.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery which wholly cured me. Hundreds have used it on my advice and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and $1.00. Trial bottles free at Dreier Bros.' drug store.

STRAWBERRIES!

The strawberry season is now at its height. We are receiving shipments twice a day, morning and afternoon. We have contracted to handle the entire crop of three of the largest berry growers in northern Indiana and the berries that come early are always the best grown. So we suggest that you had better look after your canning berries this week. We will have those famous A. N. Bell berries of Bourbon again this season. All parties that we have sold them to in the last two years need no introduction to them. They have no equal. Now, see our strawberries before buying elsewhere.

Here's How We Help You

Handy utensils for housekeeping form an important feature of our stock. Modern science has done much to make housekeeping more endurable in warm weather. We offer in this line and at this time our popular line of HOT PLATES, in 1, 2, 3 and 4 burners, with gas cocks and rubber hose connection as shown in the illustration. Also GAS STOVES, GASOLINE STOVES, OIL STOVES, as well as the latest novelty, the BLUE FLAME VAPOR STOVE. It has non-explosive gasoline tank, and every burner produces 12 individual flame jets. No waste heat. Very economical. Are our prices reasonable? We think so. A two burner Hot Plate for $1.40. How's that?
